

AmerisourceBergen Packaging Group announces retirement of ABPG President, Ed Hancock

I would like to share with the HCPC membership that AmerisourceBergen has formally announced the retirement of Ed Hancock. Ed has been active and influential within the HCPC community since its inception as a founding member and serving two terms as Chairman of the Board of Directors. Over the lifespan of the HCPC, Ed has been a tireless advocate for the adoption of compliance prompting unit dose packaging and the drive for better patient health.

Ed has been President of AmerisourceBergen Packaging Group for the past ten years, providing leadership and vision resulting in tremendous growth. This includes the expansion of the group with acquisitions of Anderson Packaging Inc. and internationally with the addition of Brecon Pharmaceuticals, in Wales, United Kingdom. Prior to joining AmerisourceBergen and American Health Packaging, Ed served as the Pharmaceutical Division President of Anderson. Ed has been influential in the pharmaceutical packaging industry for over 25 years having also previously held leadership positions at HCPC member companies, Packaging Coordinators Inc. (PCI – Catalent) and American Mirrex Corporation (Klockner Pentaplast). Succeeding Ed in the role of AmerisourceBergen Packaging Group President is Shawn Reilley, currently President of Anderson Packaging, Inc. and COO of ABPG.

Many of us have had the good fortune to work with Ed directly or form lasting friendships through HCPC and industry activities. Please join me in wishing Ed all the best in his future endeavors.

Justin Schroeder

Sr. Director, Marketing & Development Services
Vice Chairman, HCPC
