

**CATALENT PHARMA SOLUTIONS APPOINTS NEW
VICE PRESIDENT AND GENERAL MANAGER – STERILE TECHNOLOGIES**

Somerset, NJ – November 9, 2011 — Catalent Pharma Solutions, Inc. announced the appointment of Jonathan Arnold as Vice President and General Manager – Sterile Technologies effective immediately. Catalent’s sterile technologies include industry leading Blow/Fill/Seal capabilities and an array of injectable options, which help maximize the accuracy of sterile dosage forms and improve the quality and supply of treatments for the global pharmaceutical industry. Mr. Arnold will be located at Catalent’s corporate headquarters in Somerset, NJ.

Barry Littlejohns, Catalent’s President, Medication Delivery Solutions, said, “We are pleased to welcome Jonathan back to Catalent. We are intent on building upon Catalent’s extensive B/F/S and injectable capabilities to become a leading global partner for biologic, vaccine and liquid dose form innovators worldwide. Jonathan’s impressive track record of growing revenue and leading global teams will serve him well to lead us on that path.”

Mr. Arnold comes to Catalent with twenty years of business-to-business experience serving the pharmaceutical and biotech industry with contract manufacturing and service solutions. He has led a team selling and delivering contract solutions from Patheon’s sterile and freeze drying facilities in Italy for approximately six years. His most recent role was Chief Procurement Officer and Vice President Global Supply Chain for Patheon International where he developed complex state-of-the-art programs to promote profitable supply chain growth. Previous to Patheon, Mr. Arnold was the Export/Customer Development Manager for RP Scherer UK, now part of Catalent.

Mr. Arnold holds a bachelor’s degree in Agricultural Biochemistry and Nutrition from University of Newcastle upon Tyne.

About Catalent
