## **Uhlmann Offers the Blister Express Center 300: Integrated System Features Largest Format Area and Quickest Format Changeovers in its Category**

**TOWACO, NJ** – Uhlmann, the world wide leader in blister packaging technology, offers the compact Blister Express Center 300, an integrated system for quick and frequent format changeovers. Comprised of a blister and a cartoner module, the Blister Express Center 300 offers an outstanding price –performance ratio in addition to the reliability and quality that comes with the Uhlmann name.

Some important features of the compact Blister Express Center 300 are:

- Produces up to 300 blisters and 150 cartons per minute
- Changeovers completed in 20 minutes by one person
- Direct transfer of blisters to cartoner
- Touch screen controller that guarantees reliable operation
- Format for a maximum blister size of 95 x 145mm and a format for a maximum carton size of 115 x 90 x 50mm allows for a wide range of applications
- Reliable processing of all common packaging designs
- Reasonably priced sets of format parts

“Many medications today are being customized and made in smaller batches to accommodate specific user-group needs,” says Dirk Corsten, Uhlmann’s Managing Director. “This change in the industry has created the need for a packaging line that is flexible, economical and designed for small batches. Uhlmann’s Blister Express Center 300 offers all that and more.”

With products that include blister machines, cartoning systems, line-monitoring and control systems, and downstream packaging machinery, Uhlmann Packaging Systems, L.P., provides the North American pharmaceutical industry with sales support, service technicians, on-site training, parts inventory, tool manufacturing and rebuilt machinery, and on-site engineering for line integrations.

Uhlmann Packaging Systems, LP is located at 44 Indian Lane East, Towaco, New Jersey 07082. For more information, call 973-402-8855, e-mail [info@uhlmann-usa.com](mailto:info@uhlmann-usa.com) or visit our website at [www.uhlmannpackaging.com](http://www.uhlmannpackaging.com).
