

Become a leader in compliance packaging issues

*Join the Healthcare Compliance
Packaging Council*

The HCPC is the only organization in existence that advocates greater use of patient compliance packaging for the U.S. market. We continue to drive the use of these package formats to assist in the improvement of patient outcomes through increased patient compliance. Our members include leading companies involved in the manufacture of compliance packaging, from packaging components, to machinery manufacturers, contract packagers and other industry suppliers.

Regulatory Outreach

For two decades, we have served the industry by monitoring activities within the U.S. Food and Drug Administration (FDA) and the U.S. Consumer Product Safety Commission (CPSC). The HCPC acts as a responsive voice to these activities as they impact compliance packaging, ensuring industry views are known. Recent HCPC legislative outreach efforts have made key Congressional decision makers aware of the role compliance packaging can play in lowering healthcare costs, tightening the pharmaceutical distribution chain, better ensuring drug efficacy, discouraging counterfeits, tampering and diversion.

Industry and Educational Events

The HCPC organizes annual educational events including the National Symposium on Patient Compliance, our Full Membership Meeting, and our biennial Showcase. These events provide unique opportunities for members to gain knowledge about important industry trends and activities and network with other industry professionals.

HCPC members gain access to HCPC research conducted by unbiased, professional third parties that support the organization's opinion that adherence-based packaging assists in improved patient outcomes.

To become a member, please fill out the attached membership form or visit us online at www.hcpconline.org.

Enjoy the benefits of membership

- HCPC membership gives you a voice in conveying the importance of compliance packaging with key governmental and regulatory decision makers.
- HCPC membership ensures industry views are considered during standard setting efforts at ASTM, ISO, and USP.
- Members gain exposure through HCPC's online electronic directory.
- Members contribute news and information to HCPC's media outlets and reach thousands of industry executives.
- Members gain exposure with presentations at HCPC's Showcase, a biennial industry event.
- Members are invited to shape HCPC's future efforts by participating in membership meetings.

CORPORATE MEMBERSHIP APPLICATION

Join the HCPC Today!

Full Membership in the Healthcare Compliance Packaging Council is available to the following types of businesses:

- Commercial manufacture and sale of plastic film, plastic sheet, or paperboard used in unit-of-use strip and blister packaging for pharmaceutical and other medical and diagnostic applications in the United States.
- Commercial manufacture and sale of metallic film or sheeting materials used in such packaging in the United States.
- Manufacture and sale of equipment used in the fabrication of such packaging.
- Converting, printing, or laminating of materials for such packaging.
- Contract packaging operations that use such packaging.

Non-Voting Membership is available to any company that would qualify for full membership but has annual sales of less than \$10 million in unitdose blister materials, and voluntarily elects to surrender its voting rights and board membership.

Associate Membership is available to any business or individual that is not eligible for full membership, but supports the goals of the Council. Associate members may not vote or serve on the Board of Directors.

Trade Association, Testing Company, Educational Institution and Consultant Memberships are available to those interested organizations or individuals.

| Annual Dues Structure | |
|-----------------------------------|---------|
